Halloween 2021 - Free Asset for MZ/MV

■ Introduction

Thank you for purchasing "Halloween 2021 - Free Asset for MZ/MV" (hereinafter referred to as "this software"). This software is a product created by Gotcha Gotcha Games Inc., and is a collection of graphics that can be used in the game production support software "Maker" series.

■ About this software

This software is a free resource containing walking graphics perfect for Halloween, created according to the standards of "RPG Maker MZ" and "RPG Maker MV".

■ System Requirements

System supporting "RPG Maker MZ" and "RPG Maker MV".

■ How to use this software

Please follow the steps below to install this software.

1. Run the editor of "RPG Maker MZ" or "RPG Maker MV" and open the project to which you want to add materials from this collection from the menu.
2. Select [Tools]> [Resource Manager] from the main menu.
3. The [Resource Manager] screen will be displayed.
4. Select the "img/characters" folder. (If there is no folder, create a "characters" folder under the project folder/img/)
5. Click the [Import] button at the screen's top right.
6. Select the folder that contains the materials.
7. Select the materials file you want to add.

END USER LICENSE AGREEMENT
IMPORTANT, READ CAREFULLY.

①Any unauthorized reuse on other software (including other Maker series) other than RPG Maker MV and RPG Maker MZ, is strictly prohibited.

②This material can be processed and modified at the user's discretion without user registration, and the processed and modified material can be distributed free of charge. However, if you wish to distribute a game created using these materials on "RPG Maker MV" or "RPG Maker MZ", you must follow the user registration procedures as outlined in "RPG Maker MV" or "RPG Maker MZ" to become a registered user first.

③It is strictly prohibited to sell any modifications or derivatives of this work, or redistribute at its original state by any other parties.
